Use The New Bath Tub That Babies Just Love!

Bath time should be a fun time with baby, but more often than not it's a chore. Squirming, crying and splashing make it a real challenge-until now. Spa Baby Tubs are designed from your baby's point of view, this bath allows your baby to sit in a natural upright position and keeps your baby warm and relaxed in the bath. Babies love this tub. Parents love it too because it is easy to use, comforting and secure for your baby.

The tub calms the baby by providing an environment much like the one where they spent their very first nine months. It's no wonder they relax completely and enjoy it so much! And best of all, it is easy to use from newborn until your baby can go into an adult tub. It's even great for colicky babies. So relax during bath time, and treat your baby to a Spa Baby. All tubs are free of BPA and PVC, recyclable and easy to store. Even better, unlike other tubs, when baby outgrows it you can use it as a hamper, toy basket or organizer. **Sweet Peas & Little Sprouts** is the only retailer in the US to carry Spa Baby Tubs – come in and check them out!

We Want To Hear From You!

We've had a great response to the new items and features in our newsletters. As a result we'd like to add more of the products you're interested in. Let us know what you think and we'll send you a **\$5 off coupon** to use on your next purchase. It's that easy!

Would you be interested in buying:

- Baby slings or carriers
- Natural, chemical free teethers
- Cloth diaper products

You can provide feedback in-store, by phone at 734-451-1885 or via email at info@scentsofdelight.com

Non-Toxic, All Natural Pacifiers Are Here!

Naturesutten pacifiers are made from pure, natural rubber. They are latex-free, have no artificial color, no chemicals softener; parabens, PVC, phtalates or BPA. They are softer than silicone and are also extremely hygienic because they are molded in one piece. This means that there are no joints or cracks where dirt and bacteria can accumulate and they don't leave marks on baby's face. Despite the softness of the material, it is very strong and has passed strength "stretch tests". 100% natural, friendly to the environment, biodegradable and made in Denmark. Available in sizes 0-6mos & 6mos and up. See why these pacifiers are becoming a fast favorite with parents and babies alike.

COMING IN NEXT MONTH'S ISSUE: The Safe Sippy™ Cup

Non-Toxic Play Dough You Can Make At Home

Kid Safe Play Clay – Kids LOVE it and it's just as fun for you to make and since it's all food-safe, it's okay if the little ones taste it while playing.

1. Blend 2 cups flour, 2 cups warm water, 1 cup salt, 2 Tablespoons vegetable oil and 1 Tablespoon cream of tartar.
2. Mix all of the ingredients together, and stir over low heat. The dough will begin to thicken until it resembles mashed potatoes. When the dough pulls away from the sides and clumps in the center, remove the pan from heat and allow the dough to cool enough to handle.
3. Turn the dough out onto a clean counter or silicone mat, and knead vigorously until it becomes silky-smooth. Divide the dough into balls for coloring with a few drops of food coloring or vegetable juices (like carrot or beet) or use as-is. Store in an air-tight container & it will last a long time or air dry little masterpieces for permanent works of art.

Organic Rooms For Kids Are Stylish & Easy To Do

Organic isn't just for clothes and food products anymore. We're pleased to announce organic décor by Nest. Easy to assemble furnishings that feature 100% organic cotton and attractive style. Made with sustainable materials and water borne finishes for ultimate safety for children & the environment. Furniture just as fitting in a nursery, a playroom or a teen's room, with coordinating crib bedding and drawer pulls to complete the look.
